Wednesday 18th - 11 am

Friday 20th - 11 am

Monday 23rd - 11 am

Wednesday 25th - 11 am

Friday 27th - 11 am

### 1.4 RISKS/CHALLENGES

Making sure all changes are uploaded into GitHub and we are communicating frequently even though we are not in class.  
Overcoming coronavirus challenges and setbacks.

## 2 CURRENT SPRINT DETAIL

---

### 2.1 USER STORY

The user will be able to see which classes they have taken and need to take.

#### 2.1.1 Tasks

<Each user story has a number of tasks, pick the task and the estimate that will be implemented for this sprint>

Task description	Estimated time	Owner
UI for start screen	5 hrs	David
Ruleset for classes	10 hrs	Simran
Load all classes/ creating database	5 hrs	Michael

#### 2.1.2 Acceptance criteria

If we complete our tasks and have a working database for classes as well as the onboarding screen.

### 2.2 USER STORY

The user will be able to navigate the application.

#### 2.2.1 Tasks

<Each user story has a number of tasks, pick the task and the estimate that will be implemented for this sprint>

Task description	Estimated time	Owner
Add functionality to buttons (home screen)	10hrs	David
Create separate pages for onboarding - routing functions	8 hrs	Simran

Create separate pages for the main(home screen) part of the application	8 hrs	Michael
---	-------	---------

**2.2.2 Acceptance criteria**

If we complete these tasks the application will have several different pages that work together to deliver the best experience for the user and they will be able to enter their information
