

COURSE ADVISING APPLICATION

SPRINT 1 RETROSPECTIVE DOCUMENT

Team Course Advising Application Sprint 2 Retrospective Document

For sprint 1, the customer was happy to see everything that the team displayed. So the user stories are successful. In this retrospective, you will be focusing on the team introspection.

1 WHAT WENT WELL?

Use a bulleted list and explain

- Completed assigned tasks.
- Communicated well with team members.

2 WHAT DID NOT GO WELL?

Use a bulleted list and explain

- Unable to present running application due to projector difficulties.

3 HOW SHOULD YOU IMPROVE?

Mention at least two ways to improve your work in the next sprint. Use bulleted list with details using 2-4 sentences.

This improvement is for the team.

- Complete more tasks in the first week of sprint 2.
- Upload and control commits more on GitHub (learn GitHub)
- Communicate more frequently

4 TIME ESTIMATION

Member name	Time estimated for the task	Time actually spent
David	15 hrs	8 hrs
Simran	15 hrs	8 hrs
Michael	19 hrs	7 hrs

Note: Use the planning documents and your work log to fill this table.

5 PERSONAL GOALS

Each team member states at least two personal goal that will be improve upon in the upcoming sprint for the success of the team. Example, communication through email, communication in-person, commitment to getting the work done, share my technical knowledge with team members, will be more proactive, motivating the team members, will attend all meetings, etc. Note: THESE ARE NOT TECHNICAL GOALS.

Member name	Goal 1	Goal 2
David Herrington	Being more proactive	Not procrastinating
Simran Bhamra	Focus on one task at a time	Stop procrastinating
Michael Fishler	Organizing tasks and duties	Limit procrastinating
